# Highlights

## Designed to reach every area

This specially-designed brush easily reaches every part of your face, including hard-to-reach areas like the creases of the nose.

## Exfoliating brush

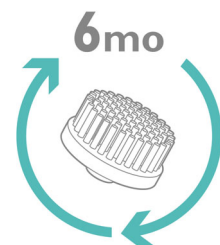

Brush filaments have a specially designed shape for exfoliation: the shorter filaments gently exfoliate, while the longer ones wipe away dead skin cells.

## Click-on brush head

Click-on, click-off feature makes the brush head easy to replace.

## Long lasting brush

For excellent skin-cleansing results, as well as the best hygiene, it is recommended that you replace the brush head every 6 months.
